FRONTEND DEVELOPER

- Passionate about creating responsive, user-friendly web applications using HTML, CSS, and JavaScript.
- Skilled in React.js, responsive design, and cross-browser compatibility.
- Proficient in Git/GitHub and adept at problem-solving, debugging, and transforming UI/UX designs into functional websites.
- Eager to contribute to impactful projects and grow as a developer.

KEY COMPETENCIES

- Proficiency in HTML, CSS, JavaScript, and responsive design to create user-friendly interfaces
- Strong problem-solving skills and ability to debug and optimize web applications.
- Effective communication and teamwork for collaborating in agile environments

PROJECTS

My Personal Portfolio

- Developed and deployed a fully responsive personal portfolio website using HTML, CSS, and JavaScript. Showcased technical expertise and projects. Utilized open-source platforms for efficient hosting, ensuring seamless accessibility and optimal performance across devices.

A Simple Calculator

- Developed and deployed a responsive Calculator app using HTML, CSS, and JavaScript. Features real-time input display, interactive buttons, and cross-device compatibility, showcasing proficiency in front-end development and deployment on open-source platforms.

E-Commerce Website

- Developed and deployed a dynamic E-commerce website utilizing React & Tailwind. The project showcases a responsive design, interactive user interface, and seamless navigation, reflecting strong front-end development skills and proficiency in open-source deployment.
